

Renaissance

A Gotham Health Center

Important Information about Paying for Your Care at Renaissance Health Center

Renaissance Health Center is a participating provider in many health plan networks. You can find a list of the plans in which we participate in this package or at the following website:

http://www.nychealthandhospitals.org/contracted_plans_renaissance

The information on Renaissance Health Center's participating plans is current as of the date on the list. You should contact your health plan directly to confirm that you are covered for the services that you will be receiving and that Renaissance Health Center is in network for your particular health plan. It is important to check whether we participate in the specific insurance product under which you are covered. The contact number for your health plan is listed on your insurance card, or you may contact Patient Financial Services at (212) 932-6504.

If you do not have health insurance that covers the services you receive from us, you may be eligible for financial assistance in paying your medical bills, including physician services received during your care. Medical Centers are required by law to make available information about their standard charges for the items and services they provide. We can provide the health center's charges for a specific service upon request.

A list of our physicians is available at this website:

http://www.nychealthandhospitals.org/providers_renaissance

More information is available by contacting the Patient Financial Services at (212) 932-6504. When you call, you may make an appointment to see a certified application counselor. The counselor can also provide the health center's hours for walk-in visits.
