NYC Health + Hospitals Options

Live Your Healthiest Life. **NYC HEALTH+HOSPITALS**

NYC Health + Hospitals provides health care for everyone. Our program to make health care services affordable to all New Yorkers is called **NYC Health + Hospitals Options**.

NYC Health + Hospitals respects the rights and privacy of all patients including people who are undocumented and people who do not have money to pay for medical care. Our staff can help you apply for public health insurance programs.

HOW DO I QUALIFY?

NYC Health + Hospitals Options is for patients who do not have insurance or have limited insurance coverage. We help people who live in or visit New York City. We help people who live in or visit Nassau and use our Queens hospitals. We also help people who live in or visit Westchester and use our Bronx hospitals. You can get reduced and affordable medical fees under the NYC Health + Hospitals Options program if you live in these areas.

WHAT DO I NEED TO APPLY?

To get these services, you will be asked by an employee at NYC Health + Hospitals to give information about how much you earn and your family size.

We help you apply for public health insurance and Qualified Health Plans – Medicaid, Child Health Plus, EPIC (for seniors) and ADAP (for people with HIV/AIDS).

NYC Health + Hospitals can help non-English language speakers to talk with doctors and other staff members. Our staff speak many languages including Albanian, Arabic, Bengali, Chinese, French, Haitian Creole, Hindi, Korean, Polish, Russian, Spanish, and Urdu. You can get information in your language.

WHAT DO I PAY?

If you get public insurance there is no charge. If you do not get public insurance, you pay only what you can afford. The chart on the next page shows what you may be asked to pay. Your fee can be as low as \$0.

What if you receive a bill while waiting to hear about your health insurance coverage?

If you apply for health insurance you will not be asked to pay the bill while your application is being reviewed. If you get a bill, you should contact the hospital and ask to speak with a financial counselor who will help you.

HOW DO I APPLY?

To apply for health insurance or find out more about NYC Health + Hospitals Options – please call our health care centers on the back page of this booklet.

### STEP 1:

Find your family size (please include all adults and children who live with you). Next, find the amount that you got paid in a year in one of the levels.

### STEP 2:

Look at the bottom chart to find how much you will pay according to your family size and income for doctor visits, emergency visits, and hospital stays.
